

NOTE: apologies if screenshots are out of order or something, I was having to grab them pretty quickly and I am doing my best to make this as understandable as possible.

Alright, I'm just going to have this be written out like this instead of a twitlonger considering that I feel that it's limited and stuff, and honestly I just would prefer to write it out like this instead.

Gives me more time to think and how to properly respond to some accusations made towards myself, but considering these're pretty major ones, I feel that a trigger warning should be in order where if you're unsettled by grooming, transphobia or say just outright despicable acts you have been warned. I would put up spoiler kind of protections if it were like discord here so that way I could protect some people and give them fair warning previously but... Sorry I can't do that.

Now, here's what I'm going to say first. I don't think Jonie is lying, and I'll be honest my memory is definitely hazy in a couple of areas, and if I get things wrong I will definitely own up to it because I won't say I'm completely innocent, but I don't want people to think that someone is a victim when honestly... they're quite clearly not. At least to the extent they'd like to have you think.

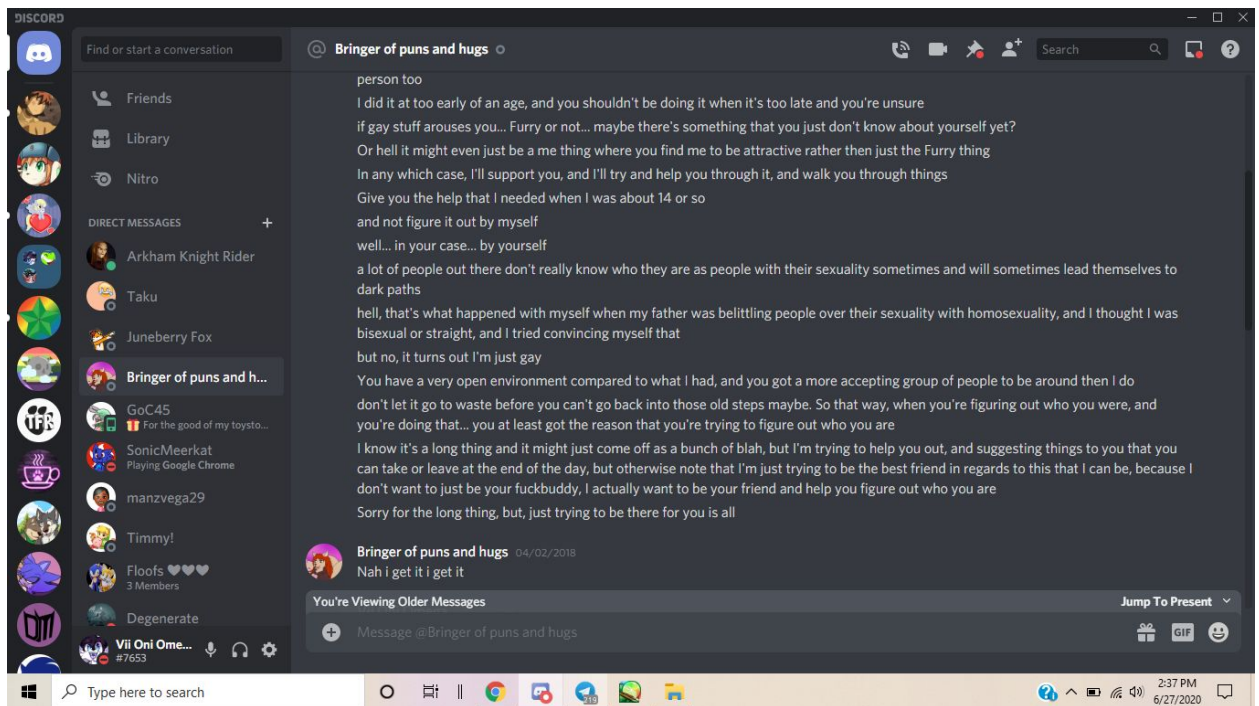

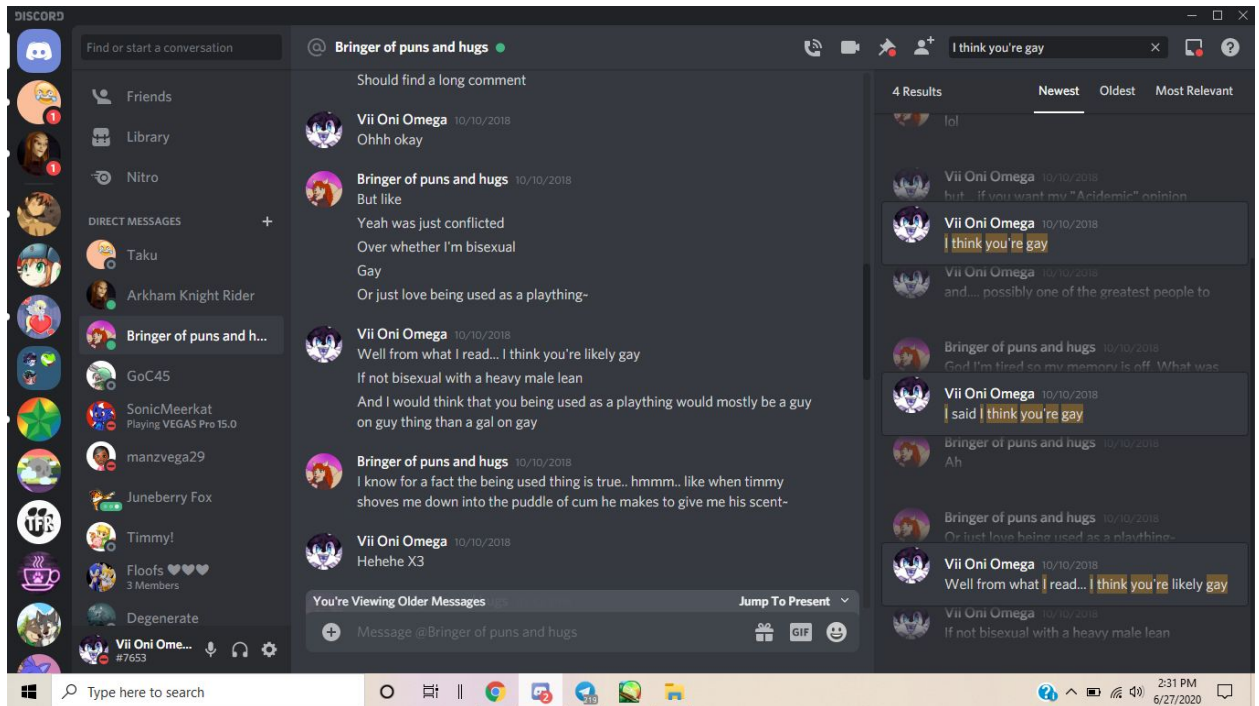

Now, if you want to follow along, here's the twitlonger I am aware of.

[https://www.twitlonger.com/show/n\\_1sr9t5a](https://www.twitlonger.com/show/n_1sr9t5a)

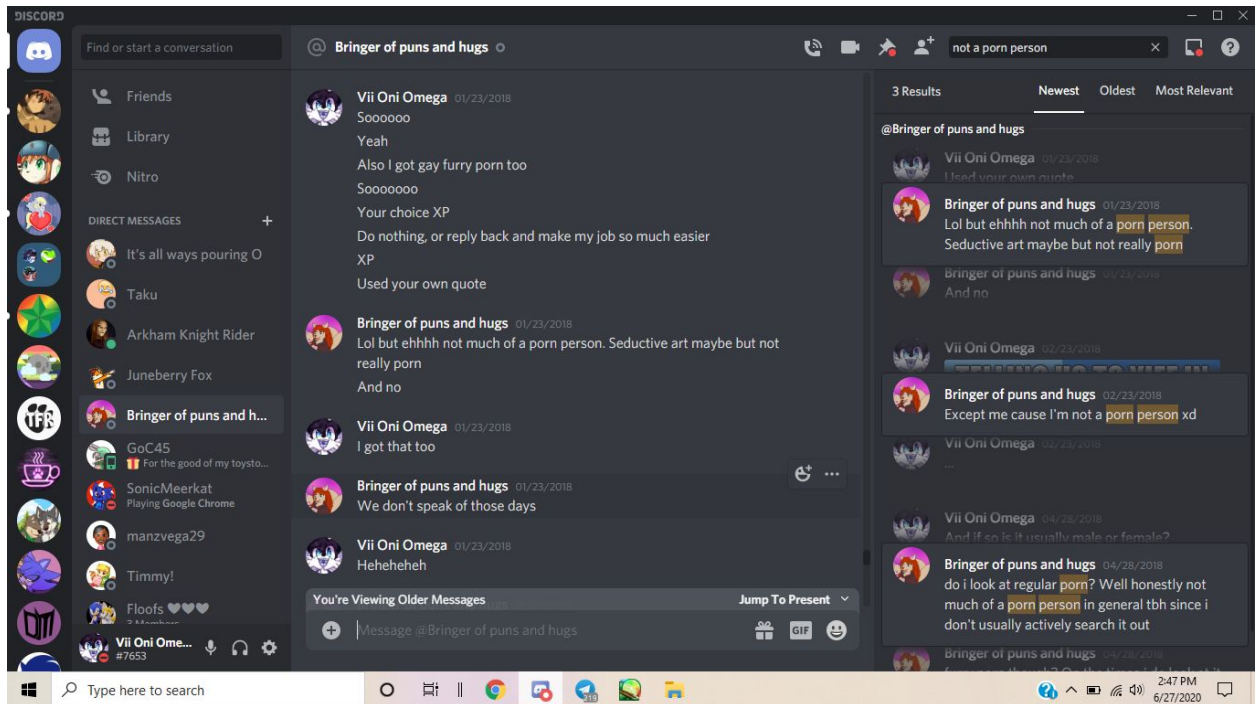

Now, let me explain the context that Jonie didn't give out because it's disingenious and not to mention very fucking scummy to pull as removing context here considering that you need to understand the whole scope of the situation. Yes, it was 2018 or 2017 something like that, and what had happened was that Jonie and I became friends decently quickly, and during this time I was around... say... either I just turned 18 or I was going to turn 19 around this time. Either way I know I JUST became 18, and what had essentially happened was that Jonie at one point if I remember correctly had given off some traits and or signs that they weren't as straight as they were thinking to be.

In fact, I wanted to do this considering that Jonie seemed confused at the time and like... I knew how hard it was when it came to coming to terms with one's sexuality, and now there was some stuff beforehand if I remember correctly just basically me asking general questions and when things were kind of getting a bit more I guess explicit is the obvious word to use here, I did let Jonie know what I was planning on doing in advance, and I asked them if they were okay with that sort of stuff.

That and when this was supposed to be a journey of them trying to figure out who they were, I definitely had some ideas that were... well for a lack of better term professional, but I was doing what I could to at least see if I could help them, and based off of my own experiences that they could've said no to at any point and I would've backed off immediately. No. That's not grooming.

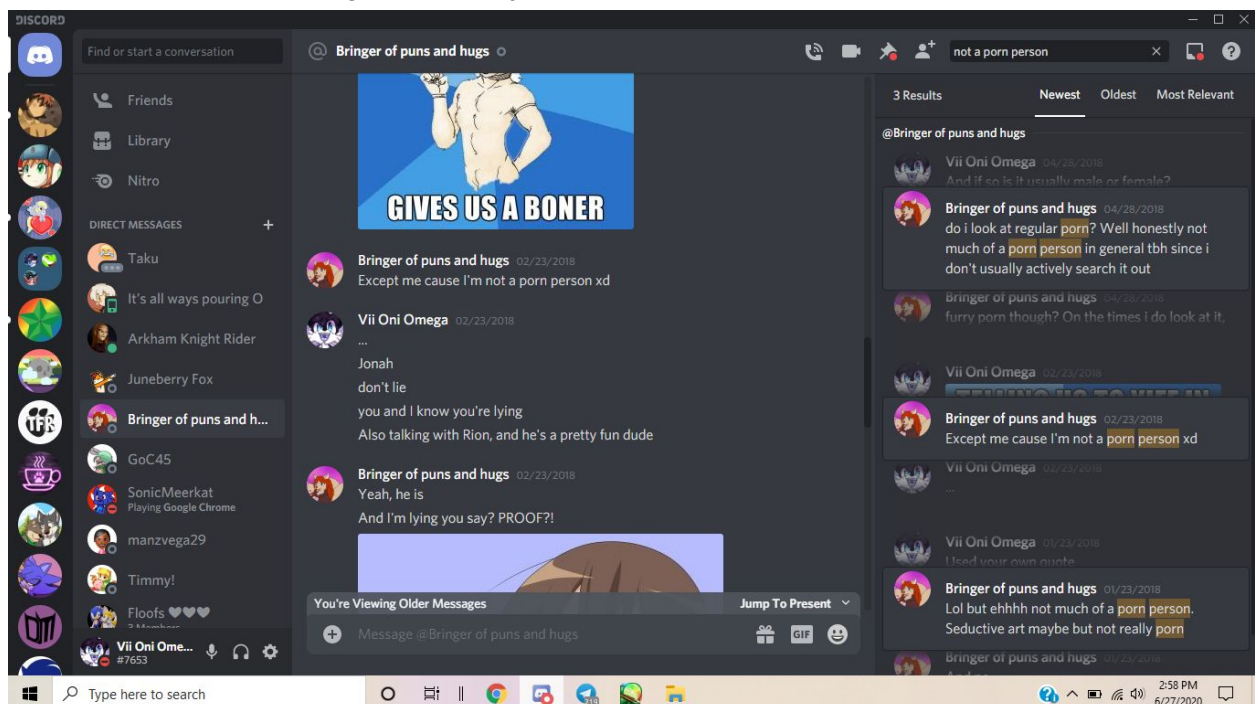

Now I know this isn't exactly shoulder to shoulder of each other but this was a common discussion. In general, but here's something I want to bring up as a side note. Jonie didn't say they weren't a porn person at all. They said they weren't MUCH of a porn person.

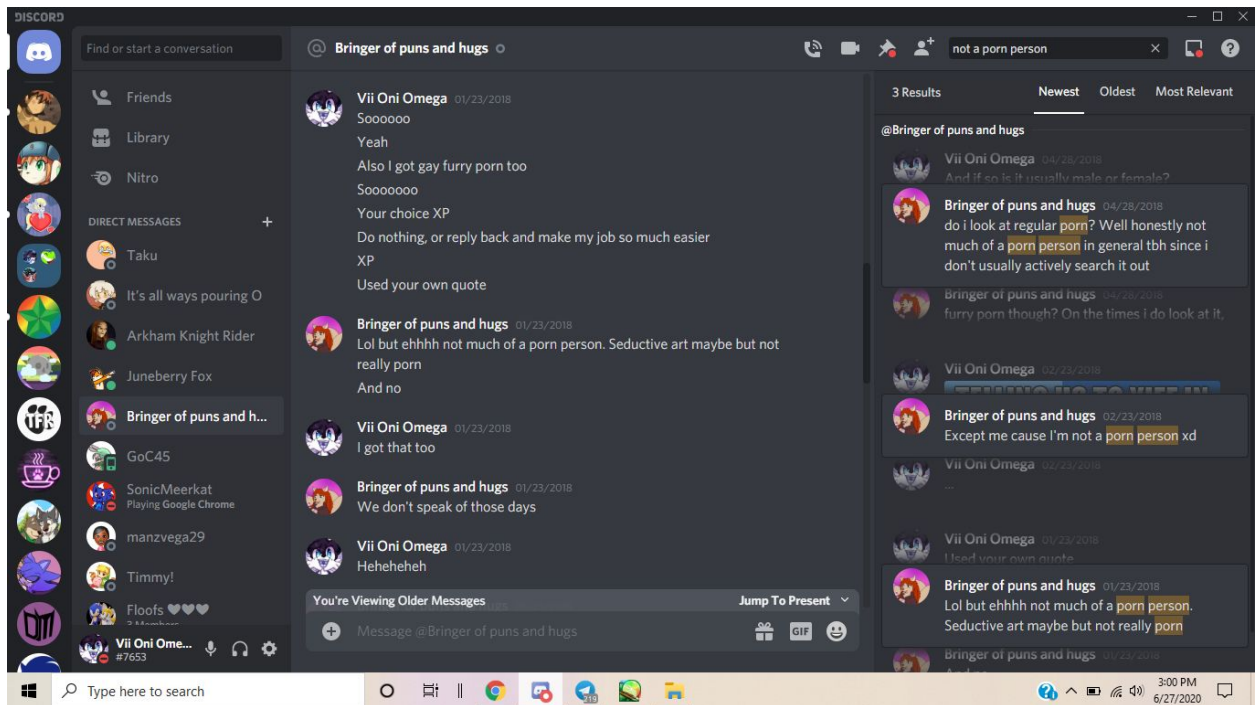

In fact, if they had mentioned to me that they weren't a porn person at all, and not much of one, I'd have gladly not sent any porn. In fact, I would've been more than respectful of it. The fact that Jonie wants to stretch the truth this badly well... no not even stretching but outright lying about it is fucking horrible. Like no joke it actually makes me fucking sick. Because yeah. No. **THEY NEVER EVER TOLD ME TO NOT SEND THEM PORN EVER**

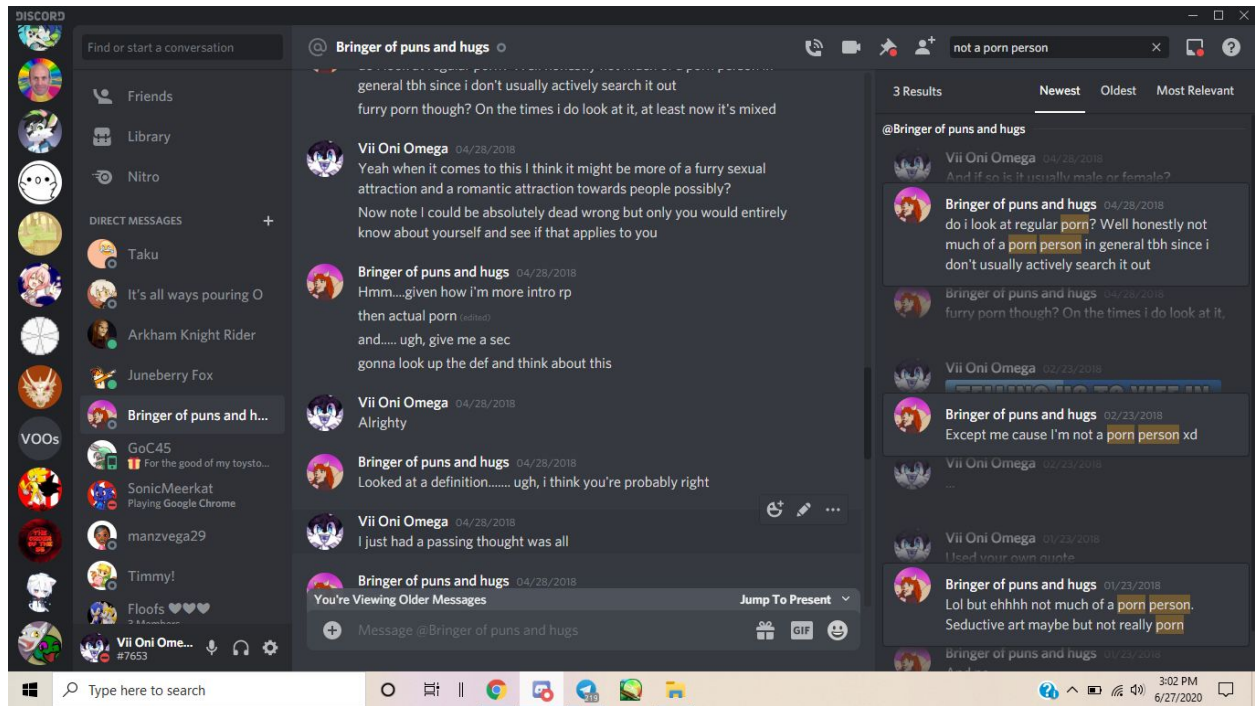

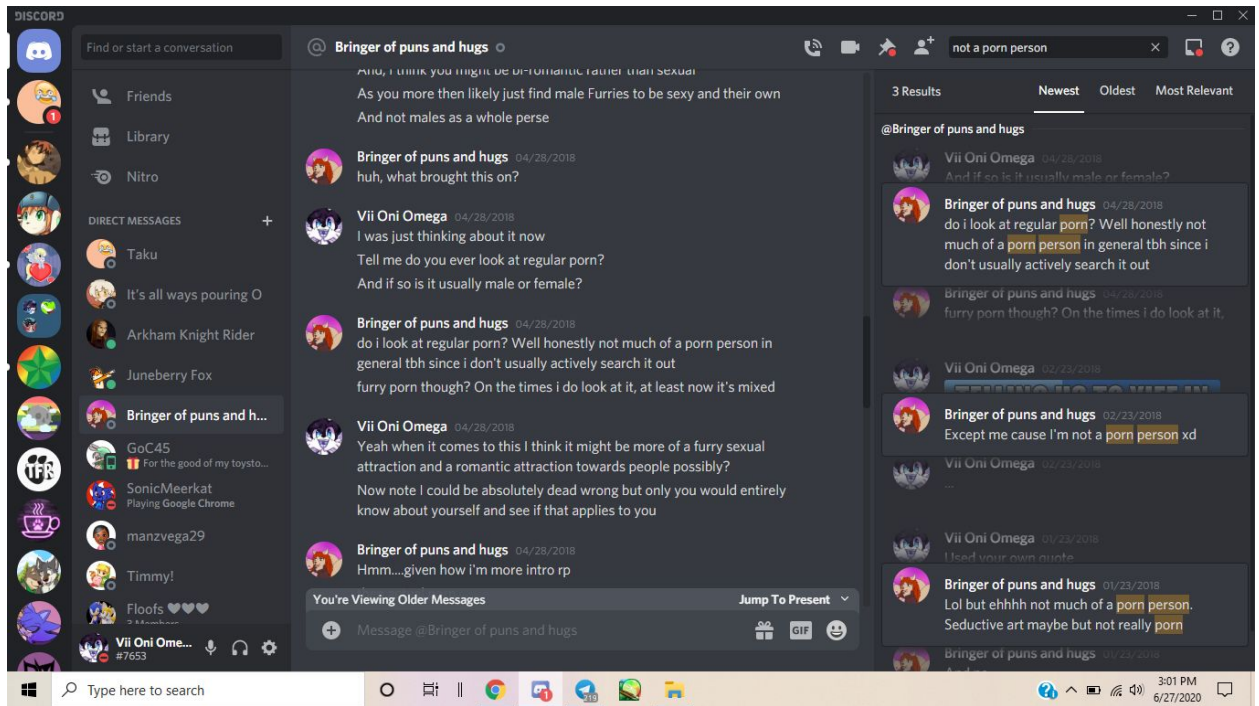

Also one other thing, because I just noticed this

We were playing off how they were obviously not as innocent as they were trying to convey themselves as. In fact this shit is banter. Fuck off with that.

(just some additional screenshots)

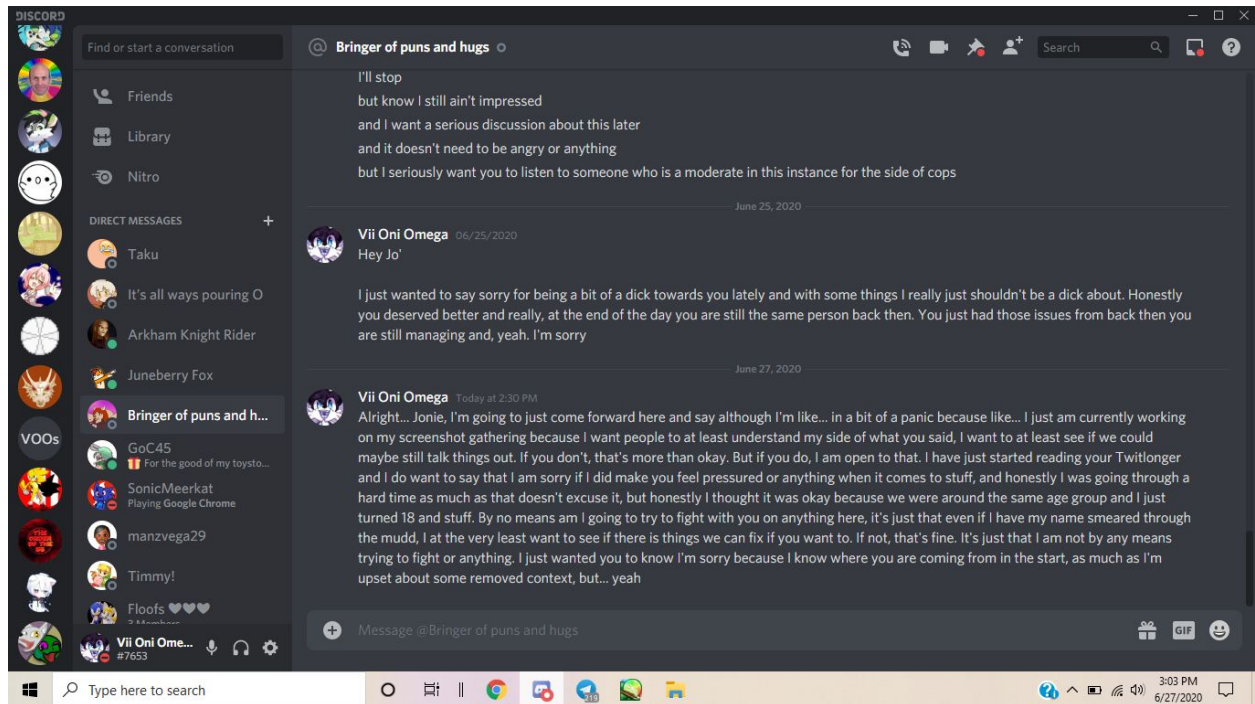

In fact they never even once told me to delete any porn ever. At all. The fact that THIS crucial detail that Jonie wants to use in order to smear my fucking name she outright lied about is fucking horrendus. FUCK YOU JONIE. I was going to try and talk this out nicely and civilly with you, but the fact that you're this fucking stupid only tells me that you only did this to try and spin a narrative, which I will show how REALLY soon.

**I DIDN'T GROOM YOU. I DIDN'T FUCKING FORCE YOU INTO ANYTHING YOU DIDN'T WANT. YOU AREN'T A VICTIM OF GROOMING. FUCK YOU.**

You want to say you weren't much of a porn person back then, but now you wanna go, Oh I'm such a sweet lil' innocent bean when you fucking clearly weren't. You were at times the ones who wanted to make new erotic roleplay ideas, you would go out of your way to roleplay either with myself and or a close friend of ours. The fact that you want to distort this to make me look like a form of predator. GO FUCK YOURSELF. THESE ARE SERIOUS ALLEGATIONS, AND THE FACT THAT I ONCE CALLED YOU A FRIEND DISGUSTS ME.

BUT, there is in fact one thing I want to bring up. Considering that like... I will admit it was 100% wrong of me to do. The drawing porn of Jonie's character when they were 16. Although if that is a point of contention why did you commission artists or let your boyfriend do it? If it's really something that you felt the need to bring up, put yourself on the same level of responsibility for a change, or is that too hard?

But anyways now that I obliterated the major allegations to the ground, let's get into the more nitty gritty stuff where I will for sure admit to a LOT of fault here. Because yeah, I did fuck up, and I did apologize. RECENTLY might I add.

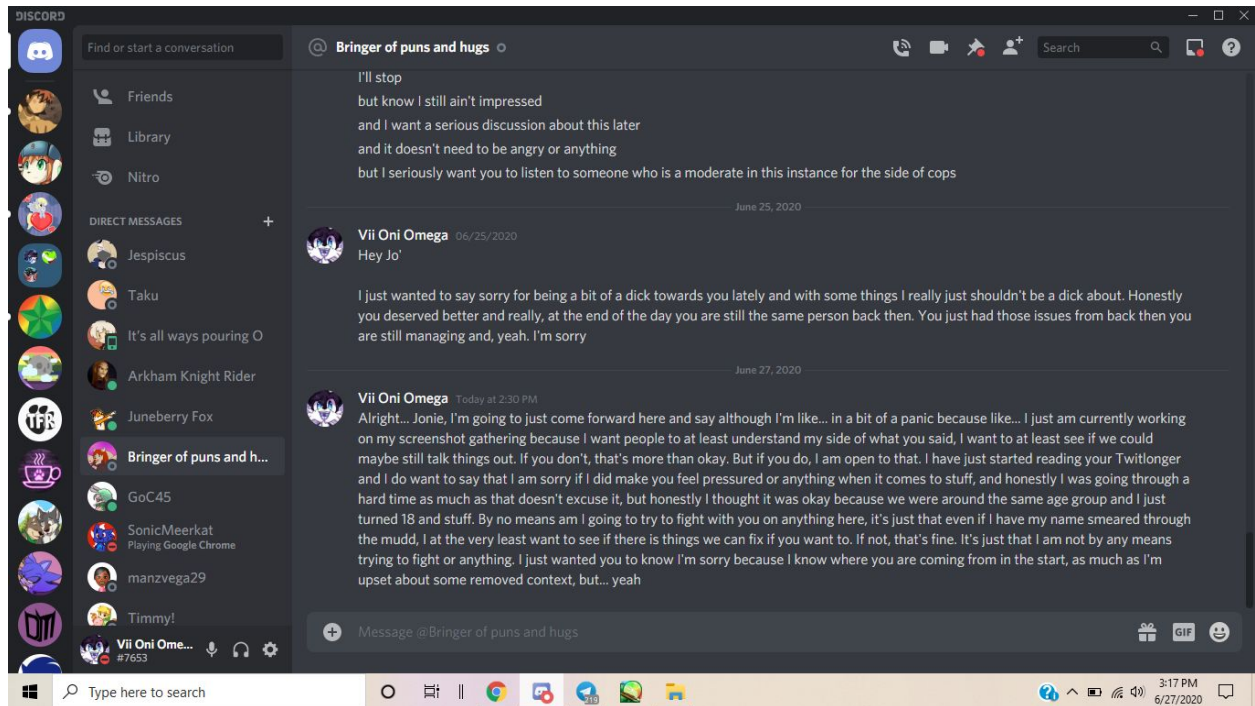

But okay, let's get into the next section called "MY FIRST RELATIONSHIP" cuz' you know, can't make it look like a true and totally real exposed thing without having everything in all caps. AM I RIGHT BOIIII!?

Honestly I will say that I for sure didn't treat Jonie right. At all. But, that was honestly because of me being very angry about them hurting Mute (Jonie's ex that she mentions). I considered him like a son to me, and honestly I just really wasn't in the right going as hard as I did honestly. Really when it comes to all of this stuff related to transphobia, I will agree, it was fucked up of me to be like that. But... I don't think that way anymore. The rest of the stuff is fine honestly, I really was a bad person back then in 2018 and 2019. I just really... really... really don't know what I could say or do to make up for it. I definitely didn't treat Jonie well, and honestly they were such a close person to me back then, and really.. As much as I'll admit to the transphobia stuff, I won't be called a groomer. Because that's not what I am.

To clarify, I am not saying that what I did was okay when it came to being overly sexual with Jonie back then. But honestly, something I need to come clean and clear with, is that I did have a crush on them back then. I did love them because during this time I was being neglected by my boyfriend during the time. I know I admitted it later but I cannot seem to remember the exact message I sent to Jonie but I think you'll have to take my word for that one, but I promise it's the truth. I won't excuse actually shitty behaviour of mine back then. But... I won't be labeled something I'm not.

Jonie, your twitlonger, it feels like you did this in hopes of cancelling me because you were upset over the fact that I was transphobic towards you. If that was your beef, that's fine. But... I hope you know that if I have reason to, I will charge you for defamation and slander. As I said before, I tried to talk this out nicely and civilly. I offered. And, you declined. I'm okay with that.

You're not a victim of grooming. I was a victim of pedophilia at a young age. The fact that you had tried to do this intentionally to make me look bad, I will not forgive you for, especially when you quite clearly only did this because you wanted to make it seem worse. If grooming will count as something to cancel someone over. I sure as hope the internet cancels you for trying to lie about someone who didn't actually do shit to you, and the fact that like... we were close friends and such... just what even is wrong with you?

I'll be honest I didn't read over the rest too much, considering that I am literally having to fucking fight my own anxiety issues worrying that people will just take your word for it because this has happened before towards other internet figures. BUT, I just hope, even if people don't trust what I say here when it comes to like... changing or like... anything... At least I provided screenshots about this alleged "grooming" and Jonie didn't.

Again, I am very, very sorry that I have done this to you Jonie. Genuinely. The fact that I had hurt you in such a way, when honestly I should've moved on because things should be left in the past, it's the fact that this kind of stuff here that you pull I decide to stop... well... caring now. Accept my apology. Don't. I don't care. You've blocked me, I haven't blocked you. I'm sorry to everyone who saw Jonie's tweet who were disgusted with my actions. I will outright say that I hate what I did back then, and I've done what I could now to improve more as a person. I just hope that people at least understand that what I was doing wasn't me trying to be predatory or anything.

I'm 21 now, born March 26th 1999

And Jonie is like... 19... I know their birthday is in Febuary. Born in 2001.

This wasn't grooming. This wasn't pedophilia. You're not brave. You're a liar, and I hope you pay for it.
